

Fun games and teaching resources about microbes and antibiotics

Click on the picture below:

The image shows the e-Bug website interface. At the top, there is a logo consisting of a blue smiley face with black dots for eyes and a black gear-like border, followed by the text "e-Bug" in a stylized font with five small stars above the "e". Below the logo, the text "Fun games and teaching resources about microbes and antibiotics" is displayed. Underneath this text, there are two main columns: "Teachers" and "Students". Each column has three colored buttons representing different age groups: "Junior" (yellow), "Senior" (teal), and "Young Adult" (pink). The "Junior" button in the "Students" column features a green cartoon character with large eyes. The "Senior" button in the "Students" column features a red-haired cartoon character with glasses. The "Young Adult" button in the "Students" column features a blue cartoon virus-like character.
