

## Governors Corner

Dear parents/carers,

As the New year approaches, I wanted to take the time to update you on our work since the last governors corner. I also wanted to thank the whole school community, from the children and parents, to all staff, for all the hard work and understanding that has been put in during these unfortunate times.

- Since the introduction of the new OFSTED framework, I am pleased to say that the curriculum has been further improved and restructured.
- Our leadership of Mathematics is now effective. The curriculum is now logically sequenced from nursery through to year 6.
- The highly effective deputy has embraced curriculum change and has been well supported by the head teacher in her role. We thank her for the immense amount of work she has put in.
- The school website has been significantly improved, it is now a better reflection of our school vision. Please take a look when you get a chance, it contains all the information parents could need.
- The catch up grant is in the process of being formalised and shared with the Governors.
- Governing board meetings are still taking place regularly via microsoft teams. The head teacher has kept governors well informed throughout the many changes and challenges 2020 has given us.
- We would also like to give special thanks to the head teacher for all his hard work during the pandemic whilst ensuring Chase View children received the best support we could offer.

Kind regards,  
Candice Yeomans  
Chair of Governors
