- ♣ School Standards and Framework Act 1998
- ♣ Education (Special Educational Needs) (Information) Regulations 1999
- ♣ Special Educational Needs and Disability Act 2001

- ♣ Education and Inspections Act 2006
- ♣ Education (Special Educational Needs Coordinators) (England) Regulations 2008

- ♣ School Discipline (Pupils Exclusions and Reviews) (England) Regulations 2012
- ♣ Children and Families Act 2014
- ♣ Special Educational Needs and Disability Regulations 2014
- ♣ Special Educational Needs (Local Offer) Regulations 2014
- ♣ Special Educational Needs (Personal Budgets) Regulations 2014

The following documentation is also related to this policy:

- ♣ Quality Standards for Special Educational Needs (SEN) Support and Outreach Services (DCSF)
- ♣ School Admissions Code (DfE)
- ♣ Special Educational Needs and Disability Code of Practice: 0 to 25 Years. Statutory Guidance for Organisations Who Work With and Support Children and Young People with Special Educational Needs and Disabilities (DfE) and (DoH)
- ♣ Supporting Pupils at School with Medical Conditions: Statutory Guidance for Governing Bodies of Maintained Schools and Proprietors of Academies in England (DfE)

We wish to comply with the Special Educational Needs and Disability Code of Practice: 0 to 25 Years. Statutory Guidance for Organisations Who Work with and Support Children and Young People with Special Educational Needs and Disabilities and with sections 29, 34, 35, 66, 67, 68, 69 and 100 of the Children and Families Act 2014.

We have a duty to provide appropriate SEN provision for children and young people in order to meet their needs. It is also our duty to make reasonable adjustments for disabled children and young people, to support medical conditions and to inform parents and young people if SEN provision is made for them.

We believe it is our responsibility to publish all details of the SEND provision that we have available in the Information Report and to work with the Local Authority in compiling and reviewing the Local Offer.

We believe that... 'Children have special educational needs if they have a learning difficulty, which calls for special educational provision to be made for them'.

Children have a learning difficulty if they:

- ♣ have a significantly greater difficulty in learning than the majority of children of the same age: or
- ♣ have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age in schools within the area of the local education authority
- ♣ are under compulsory school age and fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them

Special educational provision is 'additional to, or otherwise different from, the educational provision made generally for children of their age in schools maintained by the local authority, other than special schools, in the area.' (Education Act 1996)

When organising additional support, it is very important that we provide children with special educational needs and disabilities (SEND) a broad and balanced curriculum with regular access to all subjects and areas of learning. We believe that children with SEND should not be routinely segregated from their class teachers and peers but included as much as possible within their class.

We will ensure that teachers and teaching assistants (TAs) are prepared for dealing with the challenges and complex difficulties posed by children with SEND by providing structured training on a variety of SEND issues. We believe teachers are responsible for children's learning and that teaching assistants will be used effectively to provide the necessary support for children with SEND within the classroom.

We are aware that, depending upon their age and understanding, we must discuss with pupils with SEND any decision that might affect them.

It is our intent to provide every child with the best education possible. Our objective in setting out the school's SEND policy is to make everyone aware that we want all pupils to benefit as fully as possible from the education provided within the school.

We cater for pupils who have needs with: -

- ♣ Communication and Interaction
- ♣ Cognition and Learning
- ♣ Social, Emotional and Mental Health
- ♣ Sensory and/or Physical needs including self-help and independence.

The school has full provision for pupils who are disabled.

We wish to work closely with our pupils and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

Role and Rights of Pupils

We encourage pupils with special educational needs to understand their rights and to take part in:

- ♣ assessing their needs;
- ♣ setting learning targets;
- ♣ the annual review

Graduated approach

We feel it is vital that pupils with special educational needs are identified at an early stage. Every teacher in this school is responsible for identifying pupils with special educational needs.

We will inform parents at the earliest opportunity of the school's concerns and to work in partnership with them to establish the support the child needs.

We will adopt a graduated approach coordinated by the SENDCo and using the following four stages of action: **Assess, Plan, Do and Review**.

Parents will be kept well informed of and involved in all four stages.

Assess

- ♣ Working with the SENDCo and the child's parents, an analysis of the child's needs will be undertaken by the class teacher when trying to identify what SEN support is required.
- ♣ Support is put into place and is reviewed regularly to ensure that the support is matched to need.
- ♣ More specialist assessment will take place if there is no improvement in the child's progress.

- ♣ This will be organised by the SENDCo with the agreement of the parents.

Plan

- ♣ When it has been decided to provide SEN support all parties will decide:
 - the expected outcomes
 - what interventions and support that is required
 - the expected impact on progress, development or behaviour
 - on a review date
- ♣ Plans will take into account the views of the child.
- ♣ Parents will reinforce the provision by contributing to progress at home.

Do

- ♣ The Class teacher and the SENDCo, where required, oversee the implementation of the interventions as part of the agreed SEN support.
- ♣ The class teacher supported by the SENDCo, if required, assesses the child's response to the action taken.
- ♣ The SENDCo offers continuous advice on the effective implementation of support.

Review

- ♣ The effectiveness of the support and its impact on the child's progress is discussed at regular Pupil Progress review meetings.
- ♣ Parents are given the opportunity to respond to and comment upon their child's ISP reviews.
- ♣ In light of the child's progress and development, changes to the outcomes and support will be agreed by all concerned.
- ♣ A cycle of review meetings will continue with all parties attending in order to identify the best way of securing good progress.
- ♣ All parties will agree to any specialist involvement if a child continues to make less than expected progress.
- ♣ If a child has an Education, Health Care Plan, the Local Authority may be involved in the child's annual review.
- ♣ Detailed records will be maintained by the SENDCo which will be available to the child's parents.

Medical Conditions

We have a duty under the Children and Families Act 2014 to support pupils with medical conditions. We are aware that individual healthcare plans will state the type and level of support required to meet their medical needs.

Range of Provision

The school aims to provide a variety of provision by way of:

- ♣ in-class support either individually or in small groups with specialist teachers and/or teaching assistants;
- ♣ withdrawal support either individually or in small groups with specialist teachers or TAs

Inclusion

Partnerships

We believe that a close partnership with parents/carers will enable children to progress. Parents/carers have a key role to play in the partnership between home and school as they have an exclusive overview of the provision needed for the child.

Pupils with special educational needs will benefit from the school's close working relationship with the numerous external support agencies, which offer advice and support.

We feel that the provision for special educational needs in this school will benefit from the close links we have with other schools by the sharing of good practice and in making the transition between phases as smooth as possible for the pupils.

Admissions

We will:

- ♣ treat all applications equally and we will not discriminate against pupils with SEND;
- ♣ admit those children with special educational needs but who do not have an EHCP;

Curriculum

- ♣ a broad and balanced curriculum
